

Packing Green

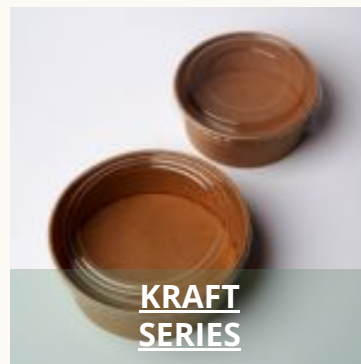

BIODEGRADABLE FOOD PACKAGING

Choose the planet.

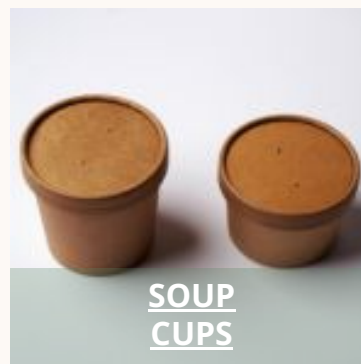

Packing Green creates disposable tableware and food packaging made from plants. We offer a wide range of sustainable alternatives to traditional plastic disposable tableware. Help reducing the fossil fuel-based plastic use in HORECA and opt for our bio-based packaging collections.

We make the food stand out. Your business too.

Our mission is to partner with our customers — large retail and distribution chains, wholesale and retail companies, and dining enterprises — in their journey to sustainability.

SUGARCANE PULP COLLECTION

Sugarcane-pulp or bagasse packaging is better for the environment because they are **biodegradable and compostable**, they are aesthetically pleasing too!

Natural sugarcane available.

KRAFT SERIES

Check out our eco friendly range of **100% recyclable products**, environmentally friendly packaging. Those leak-proof food containers will enhance your delicious servings.

FSC WOODEN SERIES

Discover our Stylish FSC Wooden boxes for the finest experience to your guests.

Non-toxic, compostable plant based.

NOTPLA SEAWEED COATING SERIES

Engineered to eliminate waste, this series of containers have a 100% natural seaweed coating.

Fully compostable.

The Best Value

SUSTAINABLE

MAKE IT YOUR OWN

BEST VALUE

Our mission is to partner with our customers — large retail and distribution chains, wholesale and retail companies, and dining enterprises — in their journey to sustainability.

We proudly offers the **best price on the market** and **store in Singapore** that can be directly purchased and ordered in any volume. Contact us regarding **large quantities for even more beneficial rates**.

Sugarcane Natural

Sugarcane has high regeneration capacity, its high yield can also be better used in the production of food packaging, reduce costs, and is an excellent fiber material. In short, sugarcane pulp can protect our resources and ecology.

Discover our wide range of sugarcane natural.

- 100% compostable and biodegradable
- Grease and water-resistant
- Matching lids available in different materials
